

The Radiographers' *advanced trauma study day*

Venue : The Education Centre, Northwick Park Hospital, Harrow, London

Date : Sunday 15 April 2012

Objective : to enable experienced as well as reporting radiographers to test themselves on images from 150 cases presenting to the Emergency Department (ED). Skeletal radiographs only; normal as well as abnormal images. The answer sessions will include and explain teaching points that will reinforce and reiterate the basic principles/approaches that underpin accurate plain film interpretation in the ED.

Format : Each registrant will assess the cases independently at his/her own workstation. 25 cases in each set; many of these will be challenging.

The Programme

8.15	COFFEE AND REGISTRATION	
9.00	Welcome and introduction	
9.30	SET # 1	10.05 <u>Answers</u>
10.35	SET # 2	
11.10	COFFEE	
11.30	<u>Answers</u>	
12.00	SET # 3	12.35 <u>Answers</u>
1.05	LUNCH	
1.35	SET # 4	2.10 <u>Answers</u>
